Niedringhaus Church Meet Is Rescheduled

The Church Conference at Niedringhaus United Methodist Church originally called for Sunday, has been rescheduled and will be held one week later, Feb. 28. The meeting will be held in the sanctuary of the church at 7:30 p.m.

The Building Plans Committee has completed a preliminary plan for the proposed sanctuary. The plan has been prepared by the P. John Hoener Architectural firm of St. Louis. The Administrative Board has approved the plans and has recommended that they be submitted to the full congregation at the earliest possible date.

The congregation will be given the opportunity to see the plan in full detail, ask questions, and then determine by vote whether or not the plan is acceptable. The Church Conference will be under the leadership of The Reverend Jack Travelstead, district superintendent. It will begin at 7:30 p.m., immediately following the shortened session of the School of Missions.

Price Backs Bill to Raise Social Security Payments

Congressman Melvin Price (D., East St. Louis) has announced that he is co-sponsoring Social Security legislation to be delayed months or even years, he stressed. "Millions of individuals are still waiting for the increase promised by Congress in 1969 and, as these persons wait, the rise in the cost-of-living continues."

"The need for this legislation is evident," he said. "More than 28 million persons participate in the Social Security System yearly receiving an average of only \$14 a month. The effect of the increasing high cost-of-living on these persons with this modest fixed income is obvious," Mr. Price continued.

Congressman Price pointed out that because there are a great many Social Security problems facing the 92nd Con-

gress, a comprehensive bill will probably eventually be considered. "The need, however, for a benefit increase is too urgent to be delayed months or even years," he stressed. "Millions of individuals are still waiting for the increase promised by Congress in 1969 and, as these persons wait, the rise in the cost-of-living continues."

"For these millions of persons—the retired, the widows and the children—an increase in benefits means their ability to provide the necessities of food and shelter," Mr. Price noted.

"The increase is, in no way, a trivial or excessive sum."

"Congress," he concluded, "can no longer ignore the needs of the elderly Americans. We must not postpone this essential increase now."

23,000 New Testaments To be Distributed Here

Plans to distribute about 23,000 copies of "Good News for Modern Man," the New Testament written in today's English, to every home in the Quad-Cities were made at a meeting of the Quad-Cities Ministerial Alliance Tuesday morning at St. John United Church of Christ.

The books will be distributed on April 18, and lay volunteers are being sought. They may contact their own ministers or officers of the alliance. Cost of the project is estimated at \$5,000, and the churches hope to fund it through their own resources.

About 27 churches were represented at the meeting. Presiding were Rev. William F. St. John, pastor of St. John's United Methodist Church, chairman; Rev. Frank Orton, Peace Lutheran Church, co-chairman; and Rev. Donald Borge, United Methodist Church of Madison, secretary-treasurer.

The following committees were formed:

Finance, Rev. Arvin Twietmeyer, Concordia Lutheran Church, chairman; Rev. Lawrence Mattingly, St. Elizabeth Church; Rev. David Maxton, First United Presbyterian Church; Rev. Paul Surry, St. John United Church of Christ; Rev. M. A. Groff, First Assembly of God Church; and Rev. John Lamb, Calvary Baptist Church.

Organization, Rev. George Reader, First Church of the Nazarene, chairman; Rev. Robert Kettler, St. Peter Evangelical United Church of Christ; Rev. Ellis B. Seals, Greater Bethel A.M.E. Church, Madison; Rev. Larry L. Jackman, Nameoki United Presbyterian Church; Capt. Donald Noyes, Salvation Army; and Rev. Ray Etelman, First Baptist Church.

Publicity, Rev. Dan Flynn, Sacred Heart Church, chairman; Rev. Roy L. Baugh, Niedringhaus United Methodist Church; Rev. J. Louis Ottens, Hope Lutheran Church; Rev. Frank Christ, First United Presbyterian Church, Madison; Rev. W. J. Richardson, association executive of the Southern Baptist Church; and Rev. Vernon Covington, Emmanuel Baptist Church.

Distribution, Rev. Wendell Garrison, Suburban Baptist Church, chairman; Rev. Samuel Boda, St. John Lutheran Church; Marvin Van Metre, St. John's United Methodist Church.

Admission tickets will cost \$7 per person, plus an additional \$1.15 fee for round-trip transportation by chartered bus to Kiel Opera House, the park of official said.

Brown noted that two buses, holding 45 passengers each, will be available for both Tuesday evening and Wednesday morning. Reservations may be made by calling, 877-3059, or stopping by the park office, he added.

YMCA director, Rev. J. S. Jenkins, Greater Bethel A.M.E. Church, Madison; and Rev. Martin Mangin, St. Joseph Church.

Park Theatre Trips To Heppburn Musical
Two special theatre excursions—the Broadway musical, "Coco," starring Katherine Heppburn, at Kiel Opera House, St. Louis, are announced today by Harry Brown, Granite City Park District Superintendent.

Reservations and ticket money must be received at the Wilson Park office by March 12 for either of the two performances, scheduled Tuesday, April 13 and Tuesday, April 13, Brown stressed. A total of 90 tickets has been allotted to the park district for each show, he said.

Reserved seats in the first balcony section of Kiel Opera House will afford patrons an excellent overall view of the musical in which Miss Heppburn drew wide critical acclaim for her performance in the original Broadway version.

Admission tickets will cost \$7 per person, plus an additional \$1.15 fee for round-trip transportation by chartered bus to Kiel Opera House, the park of official said.

Brown noted that two buses, holding 45 passengers each, will be available for both Tuesday evening and Wednesday morning. Reservations may be made by calling, 877-3059, or stopping by the park office, he added.

Aldermen Split

moved to the Johnston firm be given the contract.

Mayor Partney told the council "Before you vote on this, I want to explain that I met with the committee to discuss selection of the engineer and found the committee could not agree. I didn't agree with the committee."

"I doubt if you can legally recommend an engineer. It is something the attorneys will have to decide."

Basarich Aroused Basarich jumped to his feet. "Just a minute, Mr. Mayor," he shouted. "You sat in that meeting with us and talked about hiring an engineer. Now you come up with something like this."

Basarich pointed out that in a meeting two weeks ago, Council Attorney Leon Scroggins gave an opinion that the council could hire any engineer it wished.

Alderman Paul Rutledge referred to Johnston as "the last man we should ever hire. When his contract expired in Granite City."

City it was certainly glad when he went back to East St. Louis."

Alderman Thomas Baker remarked that the council should receive a report from the committee "as to how it reached this decision."

"I took notes," Basarich said. "I took six pages of notes. I took notes like the mayor did, and now he tells us we don't have the right to name an engineer."

"I don't see any use in appointing any more committees," the Alderman Everett Morien commented.

Alderman Morien in his lengthy discussion criticized the Johnston firm for its charges during the period the firm served as city engineer in Granite City.

Morien charged that, in 1963, engineer fees were 27% of all sewer costs; in 1964, 21.5% and in 1965, 48.1%.

During 1967, after Search Planning & Design Associates became consulting engineers in Granite City, fees for engineering purposes dropped to 9.1% of the expenditures.

He read from the contract with Search Planning, approved by 13 council members

last Aug. 20, saying that the agreement states specifically that the city shall "contract with Search Planning for any and all municipal projects contemplated by the municipality during the term of the agreement." The contract expires Aug. 31 of this year.

Morien also compared engineering cost of \$28,655 for Search Planning in replacement of the Lynch Avenue sewer line during a series of sewer breaks in 1969 and 1970, based on a replacement cost of \$66,100, to an engineering fee of \$86,071, he said was paid Johnston for work on repairing the Terrace Lane sewer break about eight years ago.

Compares Fee Costs On the basis, he said, Search Planning did the engineering work for fees amounting to 4.2% of the cost, while Johnston charged fees equivalent to 32% of the cost on the Terrace Lane job. Johnston was not present to challenge the statistics, nor was there time for other council members to verify whether the comparisons gave a fair picture.

On several occasions, aldermen called for a point of order on Morien's remarks.

"Let him go," the mayor said. "I want to see where all this is leading."

Morien ended with the question: "Are we going to give Johnston a blank check?"

Whitmer said that "as far as Dave Johnston is concerned, we had good service while he was engineer but we sure paid for it. I was glad when he went back to East St. Louis and I hope he stays there."

"It is my idea that we hire someone locally. We have a qualified engineer here that has done a lot of work for the city. They pay taxes here. They do business here."

Basarich called for a vote on his motion, but Mayor Partney spoke further.

"I offered them (the committee) a name (of an engineering firm) but they told me it wouldn't go through the council."

"I offered a compromise of several firms and they told me that wouldn't go through the council, either. Whatever firm is selected, I believe the mayor should have some voice in it, since I will be the one that will have to work with them."

The mayor said there are engineering details to be worked out, including ease-

ments on Army Depot ground on which the city has a long-term lease for its treatment plant."

As the mayor finished speaking, Rutledge called for the floor and made a motion to employ the Johnston firm. Morien gave the motion a second. Rutledge and Morien were the only ones voting in favor of the tabling motion.

Calls for Deferral At that point, Morien moved for deferral. Protests were voiced by several aldermen, but Mayor Partney pointed out that the deferral motion superseded all others, and the issue died.

Basarich noted, as a motion for adjournment was made at 11:45 p.m., that the matter would come up again in next Monday's council session.

Mayor Partney asserted that any loss of time in settling the engineering dispute is detrimental to the treatment plant and sewer projects, since a preliminary engineering report on the city's proposals must be filed with the state by April 30.

Comanches Scalp Trojans 103-70

Madison High School's basketball Trojans returned from Cahokia Tuesday night on the short end of a 103-70 count.

Cahokia held the leads of 20-13 at the end of the first quarter 42-33 at the half and narrowed it to 60-55; only to be massed 43-15 in the final quarter.

"Nothing worked for us. We started to come back well in the third quarter; but everything fell apart and we could not hit a thing," Coach Larry Graham said. "In that last eight minutes everytime Cahokia looked at the ball they scored."

Cahokia had a 42-25 advantage in field goals, but Madison led in free throws 20-19.

Trojan Henry Rhodes fouled out with four minutes left in the fourth quarter as Madison com-

mitted 19 fouls, and Cahokia had 20 calls.

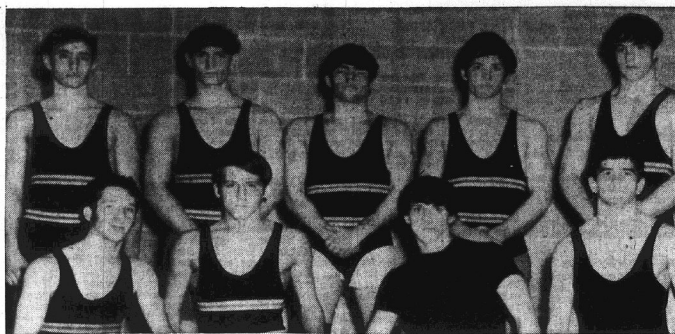

Clinton Burkhardt was Trojan high point man with 20. Cahokia Forward Tom Howard a 62 senior led the Comanche attack, scoring 28 points.

Douglas Griggs and Ed Chandler each scored 15 for Madison. Other Trojans scoring were Rhodes 7, Larry Boyd and Vernell Gasper 5 each and Daryl Fletcher 3.

The Cahokia junior varsity won 72-47.

The Trojans have a conference game in Madison against Roxana Tuesday night.

Madison now has a 13-8 overall record and a 6-2 in the Midwestern Conference.

WARRIOR WRESTLERS entered in the sectional tournament this weekend at Wood River are, from left, right to left, Bruce Miller, Mike Garland, Doug Wilson and Tom Eaton; and back row, Charlie

Red Devils Ready For District Meet

The Venice High School Red Devils will meet Dupo at 7 p.m. Tuesday in the Columbia District Basketball Tournament.

Venice is seeded first and Dupo fifth. Following the Venice game, O'Fallon, seeded fourth, will play Belleville St. Henry, seeded eighth.

On Feb. 24, Belleville-Althoff, seeded second, will play Columbia, sixth, and at 8:30 p.m. Lebanon, third, will play Lovejoy, seventh.

The winners of the Venice-Columbia tilt will do battle against the winner of the O'Fallon-St. Henry match at 7 p.m. next Thursday. At 8:30 p.m. the winners of the Feb. 24th games will meet.

The district championship game will be played at 7:30 p.m. Feb. 26, and the winner will move up to the Belleville West Regionals.

The Red Devils were district winners last year.

9 Matmen Slated to "Go for State" In Sectional, Starting Tomorrow

After 17 straight sectional wrestling tournament victories, most with ease, Coach Bill "Red" Schmitt is looking forward to this year's tournament, starting tomorrow at Wood River, with some doubt.

"This one could be rough," he said this week after a team workout, and added, "there are a lot of good wrestlers in there this year from other schools."

Nine Warrior grapplers who earned berths in the sectionals at the district tournament here last week will be trying to earn the right to go on to the state finals.

"If these kids are mentally ready they can get out there and win, but in the sectionals you either psyche yourself up or psyche yourself out," Schmitt commented.

Competing this weekend will be Bruce Miller (105) who is a returning champion from last year's sectional, Mike Garland (119), Doug Wilson (126), Tom Eaton (133), Charlie Mayfield (138), Rich Sajak (145), Rick Wickham (153), Mike Wilson (167) and Tom Kalert (185).

Miller, Garland, Sajak and Kalert enter the sectionals with district crowns.

The Warriors will enter the tournament in the top slot, having qualified the nine wrestlers, but Decatur MacArthur is close behind with eight competitors, six of them champions from their district tournament.

Several schools enter with six wrestlers each including East St. Louis Lincoln, Springfield Southeast, Jacksonville and Belleville East.

Springfield is entered with five wrestlers and Cahokia, Mascoutah, Decatur, Eisenhower and Quincy each have four.

Schools with three matmen entered are Carbondale, Deatur and Mount Zion, and Lawrenceville, Mattoon, Alton, East St. Louis and Wood River each have two.

Schools with one wrestler in the tournament are Carmi, Centralia, O'Fallon, Shelbyville, Bethalto Civic Memorial, Mount Olive, Roxana, Jacksonville IBSS, Pleasant Plains and Springfield Lanphier.

Champions from district tournaments will be matched with runners-up and runners-up will be matched with champions in the first round in an effort to eliminate the poorer wrestlers in that round.

The first round pairings have been made and several Warriors will again be meeting old rivals.

The pairings for the Granite City High School district champions follow:

Miller will meet George Demetrius of Cahokia for the first time. Demetrius was a runner-up in the Belleville West district.

Garland will be attempting a second win against Chris Morris of Jacksonville whom he defeated 16-4 in a quadrangular meet early in the season. Morris defeated Joe Petty of Lincoln this season, a foe Garland has always had to fight hard to beat.

Sajak will be pitted against Belleville East's Mike Schuchmann whom he blanked 3-0 earlier this season.

Kalert will wrestle Mel Tucker of Mascoutah who was second at Belleville West. They have not met before.

Runners-up for the Warriors and their first-round pairings follow:

Doug Wilson will meet Mike Henderson of Belleville East, with whom he has split wins in their two meetings this year. If Wilson wins, he may meet Maurice Latham of Springfield Southeast, a returning champion in that weight class.

Eaton will meet Steve Smith of Decatur in a try for a second win. In the Holiday Tournament here Eaton defeated Smith 5-0.

Mayfield will compete against Quincy's Randy Cheek, a champion in the Jacksonville District. They have not met before.

Wickham is pitted against Bill Roten of MacArthur in the first round, a champion in their district tournament. They also have not met before.

Mike Wilson is slated to meet Steve Fitzsimmons of Jacksonville in a grudge match. Wilson lost to Fitzsimmons 7-2 in a dual meet early in the season.

First session matches will begin at 7 p.m. Friday at the Wood River High School gymnasium and the second session is scheduled to be held at 10 a.m. Saturday. Finals are set for 2 p.m. Saturday.

The winner and runner-up in each weight class will be entered in the State Finals the following weekend at the Assembly Hall, University of Illinois, Champaign.

Sky Stealers Club To Meet on Friday

The Tri-City Sky Stealers, model airplane club, will meet 7:30 p.m. Friday at the home of John Blum, 247 Glen Place.

Members are asked to bring their contest project to the meeting. Those attending are also asked to pick up their shoulder patches and pay their dues at the meeting.

Two films will be shown on model airplanes.

Basketball Season Coming to an End

Area basketball fans who have looked at their teams schedule lately have noticed that the regular basketball season is just about finished.

Red Devils Drown Livingston 88-37

The Venice High School cage team smothered Livingston by a score of 88-37 Tuesday night at Venice. It was the second defeat for Livingston at the hands of the Devils as they were beat 92-59 Dec. 8 at Livingston. The victory gives the Devils a 18-4 record, and Livingston dropped to 8-17. Venice took an early lead of 11-2 at the end of first quarter, increased it to 29-12 at the half and 62-25 going into the final stanza. "It was good exercise for our team," coach Bill Ohlendorf beamed. "It gave everyone a chance to play. We had the height on them as the only tall boy they had was Meyer who is 6'3". Livingston tried to stall the ball a lot, but we would get it away from them and score." Venice led in field goals 33-11. Livingston was sharper in free throws by 15-12; the losers committed more fouls, 18-15. Red Devil Cedric Gardner led the attack with 34 points. Livingston Forward Urban was their high point man with 10.

The projects, all to be financed with motor fuel tax funds, are in addition to approximately \$50,000 worth of street improvement work now pending, most of which is near the bidding stage. Madison Supports Levee District Split

The Madison City Council, meeting Tuesday night, joined in a growing movement to detach the Madison County portion of the East Side Levee and Sanitary District from St. Clair County.

In a resolution the council unanimously agreed that it is, "in the best interest of the city of Madison, along with the citizens of Madison County, Illinois, to separate said district."

The resolution said that the city, on behalf of its citizens, urges local legislative representatives to create, "two separate districts, one for Madison County, and one for St. Clair County, Illinois, and each to have autonomous control over their respective districts."

Before the vote was taken Mayor Mike Saak commented, "I think this is something that is long overdue and I know we need to help our state representatives in any way we can."

Industrial Complex Planned

In other business, the council accepted a recommendation of the city health and building inspectors to condemn a house at 103 Greenwood St., occupied by Neil Morris but owned by Joe Radmon. Saak said the condemnation is another step in the city's drive to crack down on absentee owners who refuse to keep their houses in repair.

The mayor said, "We are going to crack down on this until these fellows make an effort to improve their property."

The action was referred to the legal department to begin condemnation proceedings and to immediately south of the Chain of Rocks Bridge, from agricultural to industrial zone for possible development of an industrial complex on the land. No definite plans have been announced for the land at the time, Saak said.

The council also requested the legal department to attempt to obtain permission from the State Highway Department to obtain an abutment right of way along the Ma' Landfill.

Heart Sunday Drive in GC Area This Weekend

Volunteer efforts in the Granite City area to raise a minimum of \$4,000 to aid the 1971 Heart Fund Drive will be initiated here this Sunday when volunteer workers will canvass their neighborhoods for donations.

Sunday has been designated as "Heart Sunday" throughout Madison County, with special events to boost the annual campaign also planned in the Quad-City area during March, according to Mrs. D. O. Allen, Heart Sunday chairman and Robert Fry, chairman of the Special Events Committee.

Attorney Randall Robertson, who is serving as general chairman for the 1971 Heart Fund campaign in the Granite City area, today said additional volunteers are needed to help in the door-to-door solicitation drive this Sunday.

Persons wishing to offer their services may contact Mrs. Allen, at 878-0603, or Robertson, at 878-0509, or 461-7339.

Literature describing symptoms of heart disease and information about preventive measures will be distributed to the individual householders.

Funds Aid Research

"Many of the advances and new techniques devised to control heart disease were made possible by funds contributed in the annual drive by individuals," Robertson pointed out.

Families who have known the helpless, frustrated feeling that comes when someone close is the victim of heart disease can know their donation to the Heart Fund will aid directly support the research and rehabilitation programs offered by the Heart Association, the area chairman said.

Medical authorities report there are over 500,000 deaths from heart attacks each year, many thousands of them occurring among people in the prime of life.

To reduce the risk of heart attack, physicians advise regular medical check-ups, regular fat and cholesterol in diet, reduce if overweight, control high blood pressure, eliminate cigarettes, and exercise regularly.

In preparation for Heart Sunday, the Granite City and suburban communities are being divided into specific sections.

Volunteer Workers Individuals appointed to supervise neighborhood zones include: Ralph Astorian, Fred Buerkle, William "Bill" Dallas, Odie Wilson, Edna Kohlbrecker, Roy Lynn, Lloyd Edwards, Judy Sille, Ariene Laub, Wanda McDonough, Beverly Krause, Lois Hoffman, Joyce Albers, Genevieve Willroth, Shirley Lay, Marlene Manosian, Betty Williams, Emma Jakich, Eula Hill, Dorothy Vaughn, Mrs. Jeffrey Chaboude and Charles McCollum.

Among the volunteer block workers are George Slattery, Ralph Bailey Jr., Judy Crnkovich, Mrs. Louis Rohling, Mrs. Phil Sheridan, John Vizer, Dorothy Kerch, Martha Brannan, Martha Stanfill, Di-

Claude Echols, Childers will serve through 1975.

The Aldermen moved to request the Madison County Zoning Board of Appeals to rezone a tract of land along By-pass Road, just east of the bridge, to and immediately south of the Chain of Rocks Bridge, from agricultural to industrial zone for possible development of an industrial complex on the land.

No definite plans have been announced for the land at the time, Saak said.

The council also requested the legal department to attempt to obtain permission from the State Highway Department to obtain an abutment right of way along the Ma' Landfill.

MORE ABOUT 900 Million

provements for mass transit systems.

The bonds would be the initial authorized issuance of tax anticipation warrants totaling \$400,000 against the 1970 tax collection Monday evening.

The warrants will be acquired in denominations of \$20,000 each at interest rates not to exceed 9% per annum, the resolution stated.

Authorization to secure the warrants in 20 payments of \$20,000 each will permit the district to borrow only funds necessary to finance educational expenses until tax collections are received, probably in September or October, Supt. John O. Pier explained.

Building for Future

"It is a sound because the money will be used for true, basic, long-term capital benefits, for building a state transportation structure for the future, and for avoiding high costs due to rising construction and land prices."

He said will avoid any new taxes or diversion of motor fuel taxes.

The governor said three-fourths of the state's \$1 transit systems operated at a deficit in the past year and many are nearly bankrupt.

Use of bonds to finance capital improvements, rather than defray operating costs, would provide the maximum in federal funds, permit reduction in operating outlays for repair of old equipment and would prevent the fiscal morass of financing constantly increasing operating deficits."

Venice School District to Sell \$400,000 in Warrants

The Venice Board of Education authorized issuance of tax anticipation warrants totaling \$400,000 against the 1970 tax collection Monday evening.

The warrants will be acquired in denominations of \$20,000 each at interest rates not to exceed 9% per annum, the resolution stated.

Authorization to secure the warrants in 20 payments of \$20,000 each will permit the district to borrow only funds necessary to finance educational expenses until tax collections are received, probably in September or October, Supt. John O. Pier explained.

Monthly Bills Owed by Venice School District

Monthly bills owed by the Venice School District remained unpaid for the second month at this week's board session, due to a lack of available funds.

Receive Reimbursement

During Monday's meeting, however, Supt. Pier reported a check for \$76,552 had been received as partial reimbursement of expenses incurred in connection with operations at Venice-Lincoln Technical Center. The center is funded through state and federal agencies, but administered by the local district.

The amount was transferred from the Venice-Lincoln account to the regular school district working cash fund.

Monday's board session, due to a lack of available funds, will be approved at a special meeting of the board, Supt. Pier said.

The administrator said a special meeting would be necessary as expense items accumulated over the past two months had not been calculated in time for Monday night's meeting. He noted that payment of bills for the Venice-Lincoln building was deferred for a three-month period.

Supt. Pier explained a total of \$84,399 was owed the Venice School District for general operation of the adult training center through Jan. 31.

A second check, amounting to \$6,121, was received last week.

for expenses incurred under the WIN project, a U. S. Department of Labor program sponsored by VLTC, the administrator said.

Nameoki to Eliminate Levy in Town Fund
A Nameoki township citizens committee meeting with agreed on a new 1971-72 town fund budget of \$58,725, a reduction of \$5,515 below last year's figure of \$64,240.

The new budget will be posted in detail later this month and is expected to be approved by the town board in early April. The general assistance budget will remain unchanged at \$78,680, according to Supervisor Harry Briggs who also attended Monday night's budget session.

Girl Scouts Here Will Observe 'Thinking Day'

The District Four (Quad-City) annual "Thinking Day" program will be held at Nameoki School Sunday, Feb. 21, from 1:45 to 3:30 p.m., with the Neighborhood Two Girl Scouts Leaders Association in charge. The district services 2000 scouts and leaders in Madison, Venice, Granite City, Nameoki, Pontoon Beach and Mitchell.

Mrs. Doris Wood, chairman of the Neighborhood Two Association, reports that between 500 and 600 Brownies, Juniors, Cadettes and Seniors are expected to take part in the international program.

The event is celebrated the world over in commemoration of the birthdays of Lord and Lady Baden-Powell, founders of the scouting movement. Troops get together to "think and greet each other in remembrance of the founders."

A welcoming address will be given by Senior Scout Phyllis Barnes of Troop 117, followed by an American flag ceremony by one Cadette from each troop in the district. Robin Grisham, Senior Troop 888 will give a reading, "What is Thinking Day?", and five Cadettes from each troop will conduct a ceremony with flags representing countries where the scouting movement is active.

Entertainment will be provided by representatives of

each troop in the district. The scouts' attire will be symbolic of foreign countries.

Neighborhood One Brownies will perform a Spanish hat dance and the Juniors will enact a French dance. Neighborhood Two Brownies will perform a Mexican song and Juniors will do a Swedish dance.

Neighborhood Four Brownies and Juniors will represent England and Neighborhood Five Brownies will give a foreign dance and Junior Scouts will dance to Irish tune.

The Senior Troop 888 advisor, Mrs. Wanda MacDonough, will perform an authentic Crow Indian "dance of the warrior maidens," and the closing ceremony will be presented by Senior Troop 117 under the directions of Mrs. Joan Oram.

Guests will be Mrs. Louis (Virginia) Marlette, district chairman, Miss Judy McCarthy, district advisor, Mrs. Doris Votaw, board member of the River Bluffs Girl Scout Council, and the neighborhood chairmen, Neighborhood One, Mrs. Linda Nood, Two, Mrs. Nood, Three, Mrs. Vivian Davis, Four, Miss Carolyn Votaw, and Five, Mrs. Wilma McQuinnay.

Maryville School Crossing Guards

An American flag, received through Cong. Melvin Price, was presented to Maryville School during Tuesday night's PTA meeting. Vice-President Harold Brandon made the presentation to Jack Mulach, principal; the flag flew over the U. S. Capitol on Jan. 25 and will now be used on the school flag pole.

President Norman Hall presented the pledge of allegiance and the pledge of citizenship was led by Brandon. Mrs. Pat Mullen gave the treasury report and a report of the last meeting was presented by Mrs. Ruth Hubbard, secretary.

Tribute was given to all past presidents of the Maryville PTA. Attending were Mrs. Mary Church, who served as president in 1966-68, and Guy Lahr, 1968-69 and 1969-70.

A discussion was held on spring fund-raising to purchase items for classrooms and to present a gift to the school.

Best attendance was by Mrs. Cheryl Pyle's middle primary room. Lahr reviewed the school's safety program and reported that Virgil Carr has been hired as school crossing guard. Substitute guards are Mrs. Geraldine Chiles and Mrs. Ann Brown. The three are being trained by Granite City police.

Hours for the crossing guards to be on duty are 8 a.m. until 8:45 a.m.; 11:35 a.m. until 12:30 p.m.; and 2:35 p.m. until 3:15 p.m.

Mulach introduced Dr. Thomas Shea, director of the Special Education Diagnostic Center, who has developed a program at SIU, Carbondale, for the emotionally disturbed and is working to establish a program at SIU-SW. Dr. Shea spoke on parent-child relationships and conducted a question-answer period.

The PTA has established a memorial fund honoring the late Nancy Lively. Mesdames Joyce Schrader, Diane Neely, Judy Monroe and Pat Mullen, members of the executive committee, served refreshments.

DRUGS ARE TOPIC OF MARSHALL PARENTS

"Drug abuse" was the main topic at the February meeting of the Marshall PTA Tuesday evening. President Melford Dutton welcomed 90 members and guests and reports were given by the secretary, Mrs. Sandy Ritchie.

Plans were made for a visit to a radio program March 3, with Mrs. Eula Davis in charge, and for a bake sale May 8, with Mrs. Marilyn Smith as chairman.

Dutton announced the annual school picnic at Wilson Park May 27 and said help is needed in planning the event. A nominating committee was selected with Bill Schreiber and Mrs. Judy Cook named.

Mrs. Margaret Dalia Riva's sixth grade class was the attendance award. Lieutenant Bill Harris of the Granite City police spoke on drugs and their effects on individuals. A display was viewed by the audience.

Refreshments were served in the cafeteria by the first grade room mothers. The next meeting March 16 will be hosted by kindergarten pupils' mothers. On the program will be Dr. Parker, a professor in the SIU-SW school of natural science.

Frohardt PTA Honors Founders

The Frohardt School PTA met Tuesday evening to observe "Founders' Day" and to recognize Boy Scouts of Troop 22. The opening flag ceremony was conducted by the scouts under the direction of Scoutmaster Bill Kovach. The scouts also read the PTA prayer.

Mrs. Sarah McCaff, president, introduced past presidents of the organization who were present. She also gave the history of the school and PTA.

Corsages and boutonnieres were presented to the past presidents and each spoke briefly. They included Mrs. Annette Grant, 1956-57; Mrs. Maxine Ellington, 1957-58; Mrs. Joan Kalert, 1958-59; Lee Reid, 1959-60; and Mrs. Mary Fehrman, 1960-61.

The Frohardt PTA began in 1955 when the school first opened.

Secretary and treasurer reports were given and Mrs. Joyce Toussaint, ways and means chairman, reported on a future fund-raising sale.

The room attendance award was won by Mrs. Merna Musterman's second grade room.

Scoutmaster Kovach and members of his troop, which is sponsored by the PTA, told the gathering about experiences in scouting and the work that goes into various ranks and achievements. Participating were Bill Down, Dana Toussaint, Jerome Ropac, Brad Crown, John Kovach, Kill Kovach and Kevin Trobaugh.

Refreshments furnished by second grade room mothers were served by Mrs. Delores Cardwell, room mother chairman, and Mrs. Ruth Schroeder and Mrs. Joyce Toussaint.

NEIGHBORHOOD PEACE TO BE SERMON TOPIC

Maintaining neighborhood peace has a religious dimension and obligation. This is brought out in the lesson-sermon on "Mind" to be read at Christian Science church services Sunday.

Bible citations include the Golden Text from Isaiah: "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee. Trust ye in the Lord forever."

Service begins at 10:45 at First Church of Christ, Scientist, 2209 Delmar Avenue.

HOMES TO PAST MATRONS

Mrs. Ann L. Mueller was hostess to the Past Matrons of New Hope Chapter, and Mrs. Louise Cook, Mrs. Evelyn Harris was awarded the attendance prize. There were 18 present. Refreshments were served by the hostess.

Handwriting Analysis Expert Addresses Club

A handwriting expert, a wine tasting experience and presentation of several awards highlighted the February dinner of the Granite City Business and Professional Women's Club last night at the Rose Bowl.

Pre-dinner activities focused on varied wines whose description and history were related by Donald Baker, an executive of the Great Western Wine Co. An assortment of cheeses was offered those tasting five types and vintages of wine.

Mrs. Ann Burton, personal development committee chairman and dinner chairman, introduced Ray Fleetwood, assistant administrator of Alton Memorial Hospital and an experienced grapho-analyst.

Fleetwood, who has studied handwriting styles for 13 years to determine the basic characteristics of the writers, discussed "Demonstrate Personality Traits Through Grapho-Analysis."

Signatures of club officers and members, decorating program booklets prepared in advance of the dinner, were resolved by the expert into components to determine the essential features of the personality and personality of the individual.

Six local B&P members who successfully completed an "Individual Development Plan" course, sponsored by the club at GCBS last fall, were presented certificates.

Among those honored were Mrs. Bonnie Lazenby, who received a "Nike" statuette as winner of the "speak-off" contest held in connection with the self improvement course, and Mrs. Dolores Allen, cited as the "most improved" participant.

Others awarded certificates were Sylvia Wright, Marie Szymczek, Mrs. Burton, who presented the course, and Mrs. Maxine Grissman, class coordinator.

About 70 attended the dinner. Mrs. Emylee Alford, president, conducted a business session and introduced guests.

Personal development committee members arranging the event with Mrs. Burton included Mrs. Grissman, Mrs. Alvenette Moffat, Mrs. Lily Chaboude, B&P program coordinator, and Ollie Wilson, Lorene Sedrakula, Verna Lengyel, Ruth Elmore, Paula Smith, Rose Darling, Ruth Canner, Mrs. Lazenby, Mrs. Grissman, Marilyn Lundford, Mrs. Mary Batson, District 14 vice-chairman, and Sylvia Wright, co-chairman.

Regional Report -- Symington Critical of Ill. Airport Plan

(Illinois Metro East Industrial Development Corporation)

After a respite of several weeks, the proposed second major airport for St. Louis is back in the news.

In a letter to Mayor A. J. Cervantes, Senator Stuart Symington of Missouri criticized the proposal to build the new airport in Illinois.

Symington charged that the proposed airport could well operate against the best interests of the city of St. Louis and that it also would be against the best interests of St. Louis County and the rest of the state of Missouri.

In order to obtain all the necessary facts, Symington suggested the completion of an independent objective report which would present the problems, including the possible extra costs, of an airport located in Missouri.

Symington has called a meeting in Washington on Feb. 24 to discuss the proposed airport. Missouri Gov. Warren E. Hearnes, St. Louis County Supervisor Lawrence Roos, members of the Missouri House, Missouri Sen. Thomas Eagleton, FAA Administrator John Schaffer and Mayor A. J. Cervantes have been invited to attend.

A regional office of the Illinois Environmental Protection Agency will be opened in the former Collinsville Building and Loan Co. building on Main Street in Collinsville this spring.

Four Bureaus of the agency—water pollution, air pollution, public water supplies and solid wastes—will be located in the new offices.

Currently, the Environmental Protection Agency and the Air Pollution Bureau have separate offices in Collinsville.

Gov. Richard Ogilvie has appointed William Blaser as head of the Illinois Environmental Protection Agency.

A new three-year contract with the Alton Box Board Co. was approved by members of the United Paper Makers and Paper Workers Union.

The agreement contains wage increases of 44 cents the first year, 28 cents the second and 25 cents the third.

Mr. Droegge was pronounced dead upon arrival at General Hospital, Superior, Wis., at 11 p.m. Tuesday after suffering a cerebral hemorrhage at home.

He was born in Venice and resided there until 21 years ago when he moved to Wisconsin.

A veteran of World War II, serving in the Navy.

He is survived by his widow, Mrs. Corrine Droegge; two sons, Fred and Lonnie Fischer of New Orleans, La.; two brothers, Charles Droegge of Granite City and Gus Droegge of St. Louis; and two sisters, Mrs. Pearl Droegge of St. Louis and Mrs. Ann Miller of Granite City. Two other sisters, Mrs. Mae Royce and Mrs. Josephine Lehmann, preceded him in death.

Funeral arrangements will be made in today's obituary column.

WGK, ship-to-shore station providing communications between Mississippi River tugboats and their companies, received a message from a tugboat near Memphis that it heard a "Mayday" call from a ship sinking near the Yucatan Peninsula with a damaged propeller shaft.

Gene Cassy, 25, of 3161 Aubrey Ave., operator of the local station, called the St. Louis district office which had help on the way within an hour. An amphibious plane with pumps was on its way from Mobile, Ala., and a helicopter transferred the ship's master and engineer to Merida, Mexico, for treatment after inhaling fumes.

The ship later was identified as the Chief Paul Pitt, a 79 foot out of Brownsville, Tex. The distress signal had been passed the Coast Guard emergency frequency and was picked up by the station here, Clayton Smith, station manager, said it was the third Mayday call he had heard in 20 years here.

Calvert, public works commissioner of East St. Louis, received 5,953 votes to 3,888 for Williams, executive director of the St. Clair County Legal Aid Society.

Charles Merritts Sr., president of the East St. Louis School Board, came in third with 3,823 votes. The runoff election will be April 6.

31 Graduate in Ceremony At Venice Tech. Center

Clayton Williams, Legal Aid Services director for the Madison County Economic Opportunity Commission, was the principal speaker at graduation exercises held yesterday afternoon at Venice-Lincoln Technical Center, 400 S. Fourth St., Venice.

Graduates included students completing Nurse Aide training, General Educational Development (G.E.D.) and Basic Education courses at the adult vocational center.

Among the 31 graduating students who received Nurse Aide diplomas, G.E.D. High School Equivalency and Basic Education certificates, the largest representation was from Granite City with 14 graduates.

Other communities represented in the three instruction programs were Madison, with six graduates; Venice, three; Alton and Brooklyn, two each; and one graduate from East St. Louis, Cottage Hills, South Roxana and Wood River.

Students Introduced

Venice School Board President Leo A. Davinor presented the certificates after the students introduced by K. Duane Rankin, Venice-Lincoln administrator.

Other special features of the program included a musical interlude performed by the Venice School Band under the direction of Donald Mancell, instrumental instructor, and presentation of the colors by a color guard composed of Venice High School students.

The Reverend Terry Shea, pastor of St. Mark Catholic Church of Venice, gave the invocation and benediction.

Other special guests were Supt. of Schools John O. Pier and representatives of state agencies which participate in the Venice-Lincoln Technical Center instruction program.

Members of a newly-organized Commercial Foods class at the adult center provided a decorated cake and punch, served during a social hour by the school's Student Representatives Council.

Nurses Aide graduates receiving diplomas were:

Yvonne Davis, Norma Kaleta, Frankie Miller, Margie Reed and Geneva Tidwell, all of Granite City; Robin Smith, Mary Mack, Rosemary Pinkston and Ethel Michael, Madison; Louise Anderson and Emma Jo Weber, Venice; and Paulita Patton of Brooklyn.

Gabriel, Loman Unopposed In Park Election

Henry Gabriel, president of the Granite City Park District board, and Barry Loman, vice-president, will be unopposed for reelection in the Park District election April 20.

The deadline for filing petitions of candidacy was Monday. Only the two had filed at that time.

Gabriel, president of the Gabriel & Dugan architectural firm, is completing a two-year appointive term and Loman, vice-president of the Granite City Trust & Savings Bank, is finishing a six-year elected term of office.

The Park District election was changed from the first Tuesday of April to the third Tuesday of the month in a new election schedule approved by ordinance. The Granite City municipal election will be held April 6.

The Venice Park district election also will have two unopposed candidates on the ballot on April 6. They are board members Clifford Canner, 643 Lincoln St., and Willie A. Teal, 1002 Logan St.

'Six Flags' Opening To Benefit Symphony

Six Flags Over Mid-America, a 200-acre amusement park under construction in southwest St. Louis County, will be unveiled to the public Saturday, May 15, at a 2 to 7 p.m. preview benefiting the St. Louis Symphony Orchestra.

The Junior Division of the Symphony Society Women's Association will sponsor the fund-raising event, Walter W. King and Stanley J. Goodman, honorary chairmen, announced yesterday. Proceeds will go toward supporting the Symphony, which last year incurred a deficit of \$103,695 and anticipates an \$80,000 deficit for the current fiscal year.

The Symphony benefit will offer an opportunity to be first among those enjoying Six Flags without the usual crush of opening day crowds. "Attendance will be limited to 15,000 persons, although the park is planned to accommodate twice that number," Mrs. Donald Fleming, the event's general chairman, said.

Bottle Breaks Window

Fine Arts Complex Given Priority at IWU

Completion of Illinois Wesleyan University's fine arts complex project was given first priority Tuesday at the meeting of the school's board of trustees.

The decision followed the recommendation of a spokesman for four visiting committees that were established a year ago when the board launched a "Year of Re-Evaluation."

Edward B. Rust, president of the State Farm Insurance Companies, said a conference of the chairman gave first priority to the construction of the \$3 million fine arts project. The project includes renovation of Presser Hall, home of the school of music, already in progress; an addition to Presser; and an art building that also will include an experimental theater. Wesleyan already has a modern school of drama building, McPherson Theater, which was completed in 1963.

ISU Faculty Spends 55 Hours on Duties

The average fulltime faculty member at Illinois State University is spending more than 55 hours at his job and related activities, according to a new clock-hour study just completed.

The study was conducted for the Board of Higher Education, with 98% of the 1,267 fulltime equivalent faculty members completing the hour-by-hour survey distributed by the Office of Academic Planning and Institutional Research in October and November.

Dr. Warren Harden, director of the office, said the total hours per faculty member are similar to those reported in studies made in other states, and in general, they show a range of 52 to 58 hours a week.

NEDT Test Planned Wednesday at GCHS

Granite City High School will administer the National Educational Development Tests next Wednesday, and college-bound sophomores with a B average or better or encouraged to register. The fee is \$1.25 payable at registration.

L. C. McCauley, principal, said that the test "will give us the type of information we need to help our students make realistic decisions. It will help us to help the student plan wisely for his future education and for his future career."

The NEDT program will show how well the students can apply their skills acquired since entering school. It will help us recognize the strengths in each student's educational development. At the same time it will pinpoint weaknesses.

"This information will enable us to know how we can help a particular student while he is still in school and will guide us in improving our program so that other youngsters can be helped earlier in their education."

Madison County Leads In Frosh Enrollment

Sixty-three per cent of freshman students approved for admission at Southern Illinois University-Southwestern last fall actually enrolled, according to a class profile compiled by the admissions office.

Madison County led the list of Illinois counties contributing to the enrollment with 758 followed by St. Clair with 517. Macoupin County enrolled 71 freshmen, 42 came from Clinton County and 29 from Monroe County. In-state enrollment accounted for 88.9% of the freshman class. A total of 1,714 freshmen enrolled last fall.

Total campus enrollment was 13,700, the maximum set by the board of trustees until new classroom buildings can be constructed.

Seventy per cent of incoming freshmen last fall ranked in the top 40% of their graduating classes. New students were divided almost evenly on a male-female ratio, with 52.5% men and 47.5% women.

Mean score on the American Testing program was 21.0. The class included 23.3% with scores of 25 or more on the test.

Finch, Bergman to Speak at Carbondale

Robert Finch, counselor to President Richard M. Nixon, is tentatively scheduled to speak at the April 8-9 "Life Sciences and Society" conference, according to Chairman George Waring, assistant professor of animal industries and zoology.

Finch was formerly secretary of the U. S. Department of Health, Education and Welfare.

Waring said Bergman will appear at an evening session to speak on the topic, "A Layman Looks at Science." Finch is scheduled to talk on science and technology in state and federal governments.

DAMIAN CAFFEY JR.

Caffrey Designated 'Trooper of the Day'

Damian Caffrey Jr. of Granite City, who is serving with the Army in Vietnam, has been selected as the "Trooper of the Day" this month by his commander, Col. Joseph E. Greene. He is a member of the 2nd Brigade, 101st Airborne Division (Airmobile), and the designation means that he was the best soldier in his battery for the month of January.

Color Greene said "being selected in this capacity is an indication that Damian is doing an outstanding job and he is, indeed, a distinct asset to his unit. I am pleased to have him as a member of this command."

Caffrey has been serving in Vietnam since September. He entered the Army in April 1970 and received basic training at Ft. Leonard Wood and artillery training at Ft. Sill, Okla.

He is the son of Damian Caffrey Sr., 24 W. Wilson Park Drive, and Mrs. Pauline Burns, Caseyville.

Nutritional Ecology Being Taught at SIU

Nutritional Ecology of Man is the title of a new course in environmental and ecology-minded students during the current winter quarter.

Conducted by Frank Konishi, chairman of the food and nutrition department, the course will be repeated during the spring quarter, and Konishi expects it to pull an even larger enrollment.

Academically listed as "a study of the interaction between man and his environment with emphasis on the nutritional consequences of a modification in his environment," Konishi has changed the titles of his class session to include such topics as:

"Grasshoppers, Grubs and Grandmothers," "To Eat or Not to Eat," "Birth Control," "Oysters and Sex," "The Love Bug (s)," "Are Poisons Food?" "An Itch, A Sneeze, A Cough, A Wheeze," "Motherhood and Apple Pie," "The Bread and Butter in the World," "Choosing Your Parents Wisely," "Poverty, Paupers, and Politicians."

Radiological Monitoring Course to Start Monday

A radiological monitoring course will be offered by the Granite City Civil Defense Corps starting Monday evening, at the CD headquarters building, 1411 Nineteenth St., it was announced this week by Harold Mayfield, assistant civil defense director and RADEF officer.

The eight-week instruction series will be open to men and women, 18 and older, with classes taking place each Monday from 7:30 to 8:30 p.m. at the CD center. Participants may register for the course at the first session, Mayfield said.

Individuals who complete the basic fundamentals of the radiological monitoring course will understand the mechanical skills, techniques and protective measures required for a quali-

Dan Walker to Make New Campaign Swing

Dan Walker, candidate for the Democratic nomination for governor, Tuesday began his second downstate tour, a three-day swing through Peoria, Tazewell, Fulton, Madison and St. Clair counties.

Walker's schedule included visits to political and civic leaders.

On his first tour, covering the second downstate tour, Walker campaigned in 10 cities in nine counties, including Kankakee, Pontiac, Bloomington, Decatur, Clinton, Macon, Charleston, Lincoln, Paris and Danville.

Walker expects to campaign in each of the state's 102 counties at least once before the primary in March 1972. He will visit the more populous counties on numerous occasions.

Seeks No Endorsement

Walker will not seek the endorsement of the Democratic party state leaders, in his statement of candidacy on Nov. 18, Walker said he believes the people of the Democratic party should pick their candidate at the primary.

His entry into the gubernatorial race, therefore, means the first contested Democratic gubernatorial primary since 1960, and only the third since 1928.

"The course I have chosen," Walker pointed out, "means that I have to carry my campaign to the people, not to the kingmakers in Chicago. My hat is in the ring, not in my hand currying the kingmakers' favors."

"This is a more difficult course, but it is the only way to be elected governor and remain free of political bondage. I believe the people of Illinois will agree. If your ability to win rests on Mayor Daley's slating you cannot take issue with him when you are in the governor's mansion."

Steel Firms to Invest \$1.6 Billion for Modernizing Facilities During 1971

Domestic steel companies expect to invest \$1,618,000,000 in modernization of facilities during 1971. This would push total industry capital spending since 1960 close to the \$20,000,000,000 mark.

The estimate for 1971 is based on an American Iron and Steel Institute survey of firms accounting for more than 90 percent of the nation's steel production.

The current year's anticipated capital outlay figure is 10.1 percent below last year's spending on new plant and equipment, reflecting in part completion of many major modernization programs.

According to AISI, steel firms spent \$1,890,000,000 on new facilities during 1970. It was the first year since 1966 in which the industry's capital spending fell below the \$2,000,000,000 mark.

Much of the current and recent spending has gone for the installation of basic oxygen furnaces, strand (continuous) casting units, high speed finishing mills, plants to upgrading the quality of iron ore, and air and water pollution control equipment.

Shipments Up

Steel mill shipments reached 90,798,000 tons during 1970— their fourth best total in history, the institute said.

The current shipments record was set in 1969, when mill sent 93,877,000 tons of steel to their customers.

Bounding back sharply from their two-year low in November, steelmakers in the United States shipped 6,949,000 tons of mill products to consumers during December, an increase of 830,000 tons over the previous month's 6,119,000 tons.

Automakers received 1,225,000 tons of steel from mills in December, an increase of 362,000 tons over their November total of 863,000 tons. Shipments to service centers hit 1,510,000 tons for the month, up from 1,277,000 tons in November. Substantial increases also were recorded in December shipments to the container and shipbuilding industries.

Interest Rates Set on Mobile Home Loans

The Veterans Administration announces that the rate of interest on G.I. loans to buy mobile homes has been set at 10.75 percent.

Purchase of mobile homes under the G.I. loan program was authorized for the first time by the Veterans Housing Act of 1970, and Administrator of Veterans Affairs Donald E. Johnson estimates that 20,000 veterans are expected to make purchases during the first year of the program.

Johnson said that two-thirds of the loans would be granted to Vietnam era veterans. VA will guarantee up to 30 percent of a loan for a mobile home, up to a maximum of \$10,000. Once the loan is paid the veteran is again eligible for a guaranteed loan on a conventional home, a guarantee that may go as high as \$12,500.

Municipal Efficiency Should Prove Case For Federal Revenue Sharing -- Howlett

To prove their case for federal revenue sharing, local governments must demonstrate they are efficiently administering what funds they have, Michael J. Howlett, state Auditor of Public Accounts, said Wednesday night.

Howlett discussed revenue sharing during an evening session of the Proviso Municipal League at a dinner meeting in the American Legion clubhouse at 1607 Roosevelt Road, Broadview, in attendance were officials of local governments, including 13 municipalities, of Proviso Township.

"Every government has a problem finding money enough to pay for the service it tries to provide," said Howlett. "Revenue is a problem at the state level, and I know it is a problem on the mind of every public official here."

"President Nixon, in his State of the Union message of Jan. 22 and his budget message of Jan. 29 proposed a plan to give state and local governments a share of federal revenues to spend as they decide, without restriction."

Illinois Share
"Of this \$5 billion, the state and local governments of Illinois would be given \$220 million, according to White House estimates. New York, York and California each would receive more than twice as much, and Pennsylvania, Texas and Michigan all would receive more than Illinois."

"The President further proposes that another \$1 billion earmarked for aid to state and local governments would be freed from some restrictions now placed upon the expenditures, including requirements for matching funds from state and local revenues."

"On Sept. 1, 1969, I presented a paper before the National Association of State Auditors, Comptrollers and Treasurers at Jackson Hole, Wyo., in which I urged my colleagues in other states to support the concept of federal revenue sharing."

"But I objected to a provision in the President's program that time to penalize states which held their own taxes down. The President proposed to share the federal revenues

most liberally with the states which made the strongest 'tax effort.' By that, he meant the states which took the biggest bite from the residents' personal income dollar with their state and local government taxes."

"The new proposal for fiscal year 1972 is not spelled out in detail, but administration spokesmen have said the states which 'try a little harder to meet their own needs with their own resources will get a little bonus.'"

"If bonuses are to be given, I think they should be given to the state and local governments which try harder for efficiency and economy rather than those which try harder to tax people more," Howlett said. "The revenue sharing proposal must be sold to Congress before it can become effective. There is no guarantee it will pass. The chairman of the House Ways and Means Committee, Rep. Carl Albert, D. Minn., is strongly against it."

"To obtain the support of Congress for revenue sharing, we must obtain the support of the taxpayers—the people. To obtain the support of the people, we must show that grants of

Earnings of Post Corp. \$1.03 Per Share in 1970

A loss on liquidation of a subsidiary reduced Post Corporation's 1970 earnings to \$1.03 per share compared with \$1.24 a year earlier, it was announced this week. The firm owns the Press-Record.

Post's operating earnings before the special loss of \$163,800 totaled \$200,944, or \$1.25 per share, compared with \$242,952, or \$1.24 per share, in the previous year.

President V. J. Minahan said the loss was incurred when the subsidiary, Ken-Con, Inc., was liquidated into the parent corporation in December.

The write-down of Post's investment in Ken-Con, a Milwaukee communications engineering firm, amounted to 22 cents per share and included both good will and a reduction of inventory values, he said.

Post's newspaper, broadcasting and commercial printing operations also showed lower earnings during 1970, but this dip was more than made up for by a substantial increase in the profits of All-Star Insurance Corp. Post owns 74.4% of the insurance company, which contributed earnings amounting to 25 cents per share for 1970.

Post Corp., headquartered in Appleton, Wis., owns four VHF television stations, four radio stations, three daily newspapers, one weekly and one semi-weekly located in Wisconsin, Iowa, Missouri, Michigan and Illinois.

It also owns West Bend Printing, Inc., and Fox Print, commercial printing firms in West Bend, Wis., and Appleton. All-Star Insurance Corp., Milwaukee, is a member of the Inland Empire Insurance Co., Hinsdale, Ill., which finances insurance premium payments.

Net earnings of the corporation after allowance for the liquidation were \$768,653 for 1970, on net revenues of \$12,362,681. In 1969, net revenues totaled \$10,854,212.

MR. AND MRS. WADE SIMPSON. Their wedding took place at Second Baptist Church. The bride is the former Katherine Babic.

Miss Katherine Babic Bride of Wade Simpson

The wedding of Miss Katherine Babic, a daughter of Mr. and Mrs. Pete Babic, 651 Bond Road, and Wade Simpson, whose parents are Mr. and Mrs. Earl Simpson of Martinsville, Ind., took place Feb. 14 at Second Baptist Church.

The Rev. B. F. Dutton officiated at the 1 o'clock ceremony and a reception followed in the church basement.

The bride wore a white imported Chantilly lace type gown designed with a wedding ring collar, a basque bodice and long tapered sleeves. The bouffant skirt was detailed with a panel front, flanked with wide tiers which cascaded from the waist to the hem, encircling the sides of the skirt and terminating in a court train.

A short illusion veil was secured with a lace-petaled floral headpiece embroidered with seed pearls. Her flowers were white roses centered with a white orchid.

Floor-length gowns of blue velvet were worn by the bride's attendants. The royal blue bodices were accented with tiny ruffles across the sabrina neckline, and ruffled edged the tapered sleeves. The A-line

skirts were of a lighter blue brocade, belted and bowed at the backs.

Headpieces were tinted to match the royal blue of the bodices and they carried bouquets of blue carnations, sea-foam, heather, white roses and purple and white mums. Miss Donna Lucy was maid of honor, serving with three bridesmaids, Miss Irene Babic, the bride's sister, Miss Dora Ryan and Miss Sherry Whittington.

Kathy Rulo and Peter Kenic, cousins of the bride, were flower girl and ring bearer. The former wore a long dress of blue velvet and carried a basket of rose petals.

Staff Sergeant Don Carter was best man, and groomsmen and ushers included Milan Babic, the bride's brother, Wayne Simpson, a brother of the bridegroom, Lieutenant Dennis Hugo, Peter Babic, another brother of the bride, and Dave Pentar.

The newlyweds returned today from a short honeymoon in Phoenix, Ariz. They will make their home in Indianapolis, Ind. The bride, who is employed as a secretary, attended the Madison schools. Mr. Simpson attended Indianapolis schools.

Parent-Teacher Association May Add Teenagers to Governing Commissions

Reaffirming its long-standing commitment to youth, the National Parent-Teacher Association has proposed a change in

bylaws which would add a new position to each of its five governing commissions to be filled by young people aged 16 to 20, inclusive.

The far-reaching change will come to a vote at the National PTA convention to be held in May in Oklahoma City.

"PTA has been actively involved with youth during the length of its 75-year history," Mrs. Leon S. Price, National PTA president, says "and this proposal by the Board of Managers is simply another step in the normal progression of our work with young people."

Mrs. Price pointed out that the youth members will be "bonafide" members of the National Board of Managers. "We must provide for a meaningful

experience, not token participation," she said.

Setting precedents is not new for PTA. One of the priority projects of the current Action Program is called PTA's Parent-Teacher-Student Association.

"The project was designed to give parents, teachers, and students the chance to share opportunities, rights, responsibilities and satisfactions for working for quality living and quality learning for all Americans," she explained.

Last year, the Board of Managers abolished any restrictions on students from membership in PTA's. They recommended that students be given full and equal status with adult members.

The latest move to bring young people to the board is the first such action of a major national organization.

When asked what the PTA hopes to accomplish by bringing young people to the governing body of the multi-million-member organization, Mrs. Price emphasized that it was to provide a better understanding of how youth really feel and how they see PTA personally—"Not how we think they see it,"

Mrs. Price added that the National PTA wants to provide the stimulus to states to involve more youth and to provide a source of continuing, concrete suggestions on how to better involve other youth.

"A need exists for deeper involvement of youth not only in levels of PTA, but in all areas of our society today," she concluded.

They included "Admit your doubts"; "Seeking a good answer"; "Keep an open mind"; and "What do you give?" The spiritual life topic was "Forgiveness" by Mrs. Caldwell.

There was a discussion of plans for a mother-daughter banquet and for a rummage sale in the near future, and two new members were enrolled. They were Mrs. Wanda Keeling and Mrs. Darlene Money.

Hostess at next week's meeting will be Mrs. Ova Brown.

Fire Damages Home

A fire started by a gas cook stove caused an estimated \$300 damage to the residence of Melba Taylor, 71 Lee Wright Homes, Venice, at 4 p.m. Monday. The fire damaged one wall and the ceiling of the apartment. Water damage to the floor and furniture were reported.

Congressman Melvin Price (D-East St. Louis), co-sponsor of the Drug Abuse Education Act of 1970, is co-sponsoring comprehensive legislation to combat the use of such hard narcotics drugs as heroin, cocaine, and morphine.

"The narcotics problem is devastating," Cong. Price said. "Statistics indicate there are

at least 140,000 to 200,000 narcotic addicts in the country today and that an ever increasing number of these are teenagers."

"Moreover," he continued, "heroin has become readily available to our servicemen in Southeast Asia. Drug pushers in Vietnam have begun to include opium in marijuana cigarettes." Mr. Price stressed it is imperative that an all-out war be declared on narcotics.

Mr. Price explained that the plan he is co-sponsoring is embodied in two bills which together comprise a three-pronged approach to the problem. "One bill," he said, "calls for the mandatory treatment and supervision by Public Health officials of any person known to be a narcotics addict. This proposal already has the support of the American Medical Association."

Stronger Enforcement Problems

"The second thrust of the plan," he continued, "is directed against the drug pushers and the drug rings. It allows enforcement officials to use the strong powers provided in the Organized Crime Control Act and in the Drug Abuse Prevention Control Act."

"Finally," Congressman Price said, "this plan is directed against the source of all narcotics." He pointed out that almost 100 percent of the heroin and cocaine used in this country comes from abroad and that 80 percent is grown in Turkey and processed in France. "Under this proposal the President could suspend, in whole

or in part, foreign aid to any country which fails to co-operate in the efforts to reduce illegal international drug traffic," he said.

"Although the Governments of France and Turkey have already agreed to help us in this fight, it will take the complete cooperation of all countries if drug traffic is to be ended. This third provision of the plan will greatly aid in this goal," Mr. Price stressed.

"Narcotics use has become a problem infesting all of our institutions," he said. "It can no longer be ignored by anyone or any country. I am confident that the enactment of this bill will accomplish much and I feel it to be imperative," he concluded, "that it be enacted at once."

Conduct Charge Filed

Edna Walker, 23, of 604 Jefferson Ave., Venice, was arrested at 9:10 p.m. Monday at home on a warrant charging disorderly conduct. The warrant charged her with improper conduct in the Venice-Madison American Legion Post 307 on Dec. 8. She was released under \$25 cash bond to appear March 3 in Madison court.

Venice Board Hears CORE Charges Against Teachers

Complaints voiced by several parents against faculty members in the Venice school system occupied Venice Board of Education members at their meeting Monday evening.

Speaking in behalf of Madison County Congress of Racial Equality, Mrs. Verla M. Arnold, vice-president of the area CORE group and the mother of a Venice student, presented a letter signed by three CORE officers in which two instances of alleged faculty misconduct were charged.

Another Venice resident related classroom practices used by a first-year teacher at the grade school level and asked the board to halt the method of punishment meted out to children "for not supplying the correct answers to questions."

The latter parent said use of a "paddle" in cases of general misbehavior was not at issue, but sought intervention by the school officials to prevent a teacher "padding the kids if they give a wrong answer or don't know a word."

Student Getting Nervous

The speaker admitted his own child had not been struck with the paddle, but complained that the youngster "is getting very nervous and is afraid to go to class." He said a previous discussion concerning the practice held with a school administrator apparently had failed to stop the padding method.

Assistant Supt. of Schools Robert N. Vickers explained in accordance with state statutes and school district policies, teacher does have the right to deliver corporal punishment to a child.

"I don't send her up here to be afraid. I send her up to get an education," the father stated. "Do you believe it is right to swear a kid for missing a word," he added. Most board members answered "no," although noting it was a "fairly common practice in many school districts."

Vickers said that he had discussed the matter previously with the teacher in question and suggested using some other form of punishment. He was unaware the practice still was being used, the administrator said.

Gymnasium Fracas

The complaint by CORE representatives focused on an altercation occurring in the Venice school gymnasium on Jan. 25, between two youths, one of whom sustained bruises and a nose bleed in the fracas.

Mrs. Arnold stated others in the vicinity of the skirmish failed to break up the fight. She bitterly criticized the lack of supervision over the students, commenting that a coach and a teacher's aide "just stood around doing nothing while the fight was in progress."

"In fact the coach continued to play ball and reportedly stated 'they will be alright,'" the mother said.

The grandmother of a younger pupil also complained of actions taken by patrol boys and drivers on school buses. "My grandson can't even talk on the bus without getting hit on the

head by a patrol boy," she told the board.

CORE members at the meeting also asked that action be taken against a faculty member who allegedly made a threatening remark in a telephone conversation with the parent of a Venice student. Quered why the parent of the pupil did not appear in person before the board, school officials were informed the mother was ill and requested CORE officers to make the complaint.

Prejudicial treatment by two other Venice staff members was reported by the CORE officers. The allegations were immediately and loudly repudiated by Board President Leo A. Davinroy, who cited instances when both individuals "have leaned over backwards to be fair."

Board member Jack E. Tolliver said, "I think it is up to the board to investigate these situations. It appears they are extreme cases — one incident where supervision possibly was relaxed and the other too strict."

He urged the administrators to compile details relating to the reported incidents and make the information available to the protesting parents at a future date.

8-Cent Stamp a Good Buy, Postmasters Say

Compared to other costs the 8-cent stamp proposed by the United States Postal Service still will be one of the best buys for the money that exists anywhere in the world, postmasters of the Quad-City area said.

When effective, the new rate will mean first class stamp prices have increased by 166 percent since 1932. During the same 39 year period, wholesale prices have increased by 230 percent and the average pay of manufacturing workers has gone up by 670 percent, it was pointed out.

"Back in 1932, nobody complained about the cost of mailing a first class letter at 3 cents. Yet, if postal rates had risen at the same rate as retail prices since 1932, it would cost 3 cents today to send a first class letter," according to W. T. Overbeck, Granite City postmaster.

The first class postage in the United States becomes substantially lower than that of virtually all foreign countries when the proposed stamp rate is related to average hourly earnings or the ability to pay.

"Despite greater potential traveling distances of letters mailed in the United States (thus, greater transportation costs), our present letter rate is equal to or less than that of many smaller countries," Overbeck said.

The impact of the proposed 2-cent increase in first class postage on the family or individual in the "T-cities" will be minimal, he pointed out.

To the individual who mails one letter a day, the increase amounts to \$3.60 a year, but to the person who mails only one letter a week, it will mean only \$1.04 a year in increased postage.

Governor Acts to Find Jobs for Veterans

Gov. Richard B. Ogilvie has announced a major effort to find jobs for servicemen returning from Vietnam. He said 40,000 of the returnees will be seeking jobs and 20,000 are expected to return to school.

Not only do these men and women deserve our utmost support, he pointed out, but "our own economic self-interest is involved in tapping the skills, the discipline and the youthful drive of these veterans."

The governor named Lester Brann of Hinsdale, president of the Illinois State Chamber of Commerce, chairman of a committee of civic leaders to lead the campaign for jobs. He said the state employment service will initiate direct contact with employers and provide direct recruiting of veterans throughout the state.

Synod Will Observe Lutheran Hour Sunday

Congregations of the 2.9 million-member Lutheran Church-Missouri Synod will observe Feb. 28 as Lutheran Hour Sunday.

The observance will commemorate the work of The Lutheran Hour, the international religious radio program — supported largely by members of the Synod — which is perhaps the most widely listened-to regularly scheduled radio program in the world.

Lutheran Hour-sponsored broadcasts are heard each week in more than 125 countries by an audience estimated conservatively at 40 million listeners. More than 1,600 stations, including 800 in the United States and Canada, feature Lutheran Hour programs in one or more of 41 different languages.

Dr. Oswald C. J. Hoffman, who received national attention

MRS. LAURA REIMERS

for his Christmas visit with American military personnel stationed in South Vietnam and South Korea, is speaker on the English-language version of The Lutheran Hour.

Now in its 36th season of broadcasting, the program is part of the mass media ministry of the Lutheran Laymen's League.

Lutheran Hour Sunday has been observed by Missouri Synod congregations regularly on the last Sunday in February since 1951. The observance this year is based on the theme, "The Way," which is drawn from a passage of the Bible, John 14:6—"I am the Way, and the Truth, and the Life; no one comes to the Father, but by me."

Mrs. Laura Reimers Dies Here at Age 79

Mrs. Reimers was born in St. Louis and had lived here since 1912.

Mrs. Reimers was active in Granite City Chapter 650, Order of the Eastern Star, for more than 50 years, and the Calvary White Shrine of Jerusalem of East St. Louis for 48 years.

She also was active in the First United Presbyterian Church of Granite City. Her husband, Henry Reimers, is a former elder of that church.

She is survived by her husband; one son, Henry Reimers Jr., of Atlanta, Ga.; one daughter, Mrs. Arvin (Isabel) Diekmann of East Alton; one sister, Miss Edna Ploudre of Granite City; five grandchildren and one great-grandchild.

Funeral arrangements may be found in today's obituary column.

SIU Board to Get Plan for Monorail Transit System

A preliminary plan for a monorail transit system at Southern Illinois University's Carbondale campus will be presented to the SIU board of trustees tomorrow.

The board will meet at Carbondale.

The proposal got fresh impetus last week when the campus Parking and Traffic Advisory Committee approved it in principle.

The result of more than two years of study on ways to relieve SIU's campus parking problem and get state matching funds for parking improvements, it would include a four-mile above-ground rail system extending from an 11,000-car lot at the edge of the campus. Three loops would circle the main campus, the campus lake and a future recreation complex near the Brush Towers and University Park residence areas.

Estimated total cost is \$6,500,000.

000. Possible 50 per cent participation by the state under Board of Higher Education guidelines, plus an estimated \$1 million cash in SIU's parking revenue fund could bring "cost to be amortized" down to \$2,253,000, according to Associate University Architect John Longergan.

Committee members voted unanimously to seek board of trustees approval "in principle" before fleshing out fine details for submission to other campus bodies, including student and faculty councils.

The next step would be a complete package proposal to the Board of Higher Education. Longergan said Thursday the Ford Motor Co. has offered free design-construction consulting service if SIU gets a go-ahead on the monorail. Ford would be a potential bidder on the system, Longergan said.

These included parking garages, a campus bus system,

and high-density lots on campus land earmarked for future construction.

The entire plan is based on a projected future parking demand for 14,000 cars at the SIU-Carbondale campus. The SIU Parking Section figures more than 11,000 cars use campus lots now.

A report by the SIU treasurer's office showed \$990,343 in the University Parking revenue account as of the end of 1970. Under Board of Higher Education formulae for parking improvements at state schools, locally-produced revenues may be matched up to half-and-half from special state funds. General revenue money (from taxes) is no longer available.

Council May Ban Shimmy, Camel Walk, Bunny Hug and the Shuffle

FEBRUARY 18, 1921

The day of the shimmy, camel walk, bunny hug, shuffle, hop-todo, kitchen walk and other allegedly vulgar dances will be doomed in Granite City if a proposed ordinance now under consideration by the City Council ordinance committee becomes a law. It was drawn up following action by other cities in ridding their communities of the present-day dance evil.

Cities all over the country have taken up the campaign against immoral dancing—those steps created in the present age which several years ago would not have been allowed at any public dancing hall.

The proposed law would make it an offense for any person, firm or corporation to violate any of its provisions, and fixes a penalty of a fine not to exceed \$200 for each offense.

193 Veterans of World War II Join American Legion Post 307

FEBRUARY 18, 1946

Before a crowd of over 700 people, 193 veterans of World War II were initiated into Venice-Madison American Legion Post 307 at the Venice High School gymnasium. The program opened with the playing of the colors by the Alton, East Alton and Granite City posts and Madison County Company.

Commander George Dittman turned the program over to Richard Lewis, who instructed the candidates while the Walnut Park ritual team took charge of the ceremony. The veterans studied at four booths, decorated in red for justice, white for freedom, blue for democracy and gold for loyalty. Attention then centered on the stage, where a replica of the Tomb of the Unknown Soldier had been placed.

Art Biebel, chief of train of the Forty & Eight, explained the work of his post as part of the program. The ceremony was planned in the near future, with 100 more recently returned veterans to be accepted as members.

Opportunity to Test Knowledge Of Wills, Probating of Estates

(Tri-City and Illinois Bar Associations)

A random survey by the Illinois State Bar Association of 50 inquiries received from you readers revealed that nearly one in five raised some question about wills or probating an estate.

The most common question is who gets what if so-and-so dies, although this may be worded "Can my sister claim the diamond ring even though I took care of old Aunt Minnie for 20 years?"

To test your knowledge about the distribution of property after death, ISBA offers this quiz of 10 commonly asked questions. The correct answers are printed at the end of the column:

1. If a husband dies leaving a will, leaving a wife and an only child, the child will inherit more than the mother. True or false?
2. A father may disinherit a son in his will. True or false?
3. If a man has no children or grandchildren dies without a will, his wife receives the entire estate. True or false?
4. Divorce revokes a will as it pertains to the ex-spouse. True or false?
5. A 10-year-old child can make a valid will. True or false?
6. A dying man dictates his will but dies before he can sign it. The will is still valid. True or false?
7. Once a will is signed by the maker and properly witnessed, it cannot be changed. True or false?
8. You can reduce court costs by not having a will. True or false?
9. An adopted child has the same inheritance rights under the law as a natural child. True or false?
10. A person may name anyone as executor of his will. True or false?

For additional information, write to the Illinois State Bar Association, Illinois Bar Center, Springfield 62701 and request the free pamphlet on "Wills."

Enclose a self-addressed, stamped, business-size envelope.

1. True. The wife would receive two-thirds of the estate, the child one-third.

2. True.

3. True.

4. True.

5. False. The maker of a will must be at least 18 years of age and of sound mind and memory.

6. False. A will must be in writing, signed by the maker and witnessed by two or more competent persons.

7. False. In fact, it is advisable to review a will periodically, and change it if the law must be in accordance with the law.

8. False. A properly drafted will may reduce the cost and time of probating an estate. And consider the confusion caused by Aunt Minnie's diamond ring.

9. True.

10. True. The court generally will approve as executor any competent adult named in the will, including corporations qualified under Illinois law.

Stock Losses Are Tax Deductible

(Internal Revenue Service)

Q) I had a loss on some shares of stock sold last year. Is this deductible?

A) Yes, capital losses are deductible and can be used to offset capital gains. In addition, capital losses can be used to offset other income up to a maximum of \$1,000 a year.

The limit is \$500 each on the returns of married persons filing separately.

Note that the 1969 Tax Reform Act did make some changes in the handling of capital losses.

While short-term losses are still fully deductible from ordinary income, only half of the excess of the net long-term capital loss over the net short-term capital gain is deductible up to the \$1,000 maximum.

Q) My wife and I both work. Should we file joint or separate returns?

A) Usually, married taxpayers will pay less tax if they file jointly than if they file separately.

Since there are situations where this is not true, figure your tax both ways to find out which is best for you.

Note that when separate returns are filed, deductions must be handled the same way on both returns.

If one itemizes, so must the other. If the standard deduction is used, both must use the same. Complete Form 244 and send it in with your Form 1040.

A PRODUCT OF AMERICAN NATIONAL ENTERPRISES, INC.

Steel Industry Developing Coke Oven Smoke Controls

Construction of a steel industry-developed \$1.5 million prototype system for controlling the discharge of fumes and dirt during charging of coke ovens has been started and the facility should be in experimental operation by the second half of 1971, according to John P. Roche, president, American Iron and Steel Institute.

The prototype system, under the joint sponsorship of AISI and the Air Pollution Control Office of the Environmental Protection Agency, is the result of a two-year long engineering development program conducted by AISI.

Construction was scheduled following the signing of an equal sponsorship agreement between AISI and the government agency, Mr. Roche said.

The test facility is being installed on by-product coke ovens at the Pittsburgh Works of Jones & Laughlin Steel Corp., where much of the engineering work was done. Koppers Co., Inc., is the general contractor for engineering and equipment. General Electric Co. has the contract for electrical and control equipment.

The primary aim of the program is to test the efficiency and reliability of a process for charging coal into hot coke ovens without allowing any gases or smoke to escape into the atmosphere. This involves the creation of suction inside the coke ovens so all emissions are diverted into a collecting system in the by-product coke plant.

A year-long "de-bugging" program is planned following completion of the prototype. If results are favorable, J & L will buy back the equipment at a depreciated value from AISI and the government. The system will then be offered to other operators of coke oven but-operation by the second half of 1971 in North America.

AISI also is conducting research to control emissions during the "pushing" of coke (discharging the finished coke product from the oven), which may be the subject of subsequent demonstration projects. Considerable progress has been made in controlling pollution from another operation, the "quenching" of coke--and further research is underway.

It is estimated that the cost of these air quality control measures on a national basis is certain to exceed \$350 million and may well approach \$500 million. Much of the technology to solve these problems will be developed in the near future, Mr. Roche said, but even with a cooperative basis, final installations will take time, know-how and large capital expenditures.

Delicately Balanced Assembly Faces Mountain Of Issues; Session May Be One of Best, Worst

(Springfield Scene)
Reapportionment... tax reform... spending controls... mass transportation... environmental restrictions... workmen's and unemployment compensation.
Public and nonpublic school aid... welfare reform... public employ bargaining rights... highway building and safety... criminal justice upgrading... AND constitutional implementation.
These are but a few of the major issues facing the 77th General Assembly which promise to make this legislature the

busiest in the state's history and one of the most important to Illinois.
However, many statehouse observers feel this legislature could bog down into a morass of political squabbling and turn out to be one of the most unproductive legislatures in the state's history because of the tenuous balance of the two Houses.
The Senate—split 29 Republicans and 29 Democrats—was organized by the Democrats. President Pro Tem Sen. Cecil Partee of Chicago.
Since the organization of the upper chamber, the minority leader, W. Russell Arrington, Evanston Republican, suffered a paralyzing stroke and is expected to be recovering for

most of the session, giving the Democrats a 28-28 edge, with 30 votes needed to pass any legislation.
The Republicans organized the House, holding onto a slim 90-87 margin and naming W. Robert Blair, Park Forest Republican, speaker. The majority needed in the House is 88.
The Senate has cut its number of committees to 12 while the House has 28.
But now the General Assembly is starting to function, with committees named, and starting to hear the 605 bills already introduced. And both houses are promising to go to three-day sessions earlier than the previous legislature.
The number of bills promised for this session surely will break the record 5,000 introduced last session.
Estimates on constitutional implementation alone go as high as between 1,000 and 2,000, and attempts are being made to amend the new Illinois Constitution even though it won't go into effect until July 1.

AMENDMENTS:
The precarious balance of revenue powers granted in the new constitution would be overthrown if proposed constitutional amendments introduced by Sen. Partee, Robert Cherry, Chicago Democrat, and James Donawald, Breese Democrat, would reverse the 8-5 ratio so the spread would require business income taxes be at no less than a ratio of 8-5 with individuals with no ceiling.
This is the same as HJR-4, introduced in the House by Rep. Roland Tipword, Taylorville Democrat.
The third (SJR-5), again introduced by the Senate Democratic leadership, would eliminate the provision guaranteeing that the highest level of assessment classification on real property shall be no more than 2 1/2 times the lowest. This corresponds to HJR-5 in the House.
Other proposed constitutional amendments would lower the voting age to 18 (HJR-1, HJR-2, HJR-3) and eliminate the section in the education article entitled "Public Funds for Sectarian Purposes Forbidden" (SJR-6).

Only a few bills have been introduced so far on proposals to implement the new constitution.
TAXES:
In the tax area, several bills have been introduced calling for various home-stead exemptions (S. 27, S. 66, H. 52, H. 310), elimination of food, medicine and clothing from the sales tax (H. 79 thru 82), elimination of the revenue sharing with local governments (H. 363-366), and amendments to the state income tax.
Towards the end of the last legislature, an Income Tax

amendments introduced by the Democratic leadership in both Houses were to pass.
One of them (SJR-3), introduced by Sen. Partee, would eliminate the flat rate income tax and the 8-5 ratio to allow a graduated tax with no ceiling on corporate taxes.
Another (SJR-4), introduced by Sen. Partee, Robert Cherry, Chicago Democrat, and James Donawald, Breese Democrat, would reverse the 8-5 ratio so the spread would require business income taxes be at no less than a ratio of 8-5 with individuals with no ceiling.
This is the same as HJR-4, introduced in the House by Rep. Roland Tipword, Taylorville Democrat.
The third (SJR-5), again introduced by the Senate Democratic leadership, would eliminate the provision guaranteeing that the highest level of assessment classification on real property shall be no more than 2 1/2 times the lowest. This corresponds to HJR-5 in the House.
Other proposed constitutional amendments would lower the voting age to 18 (HJR-1, HJR-2, HJR-3) and eliminate the section in the education article entitled "Public Funds for Sectarian Purposes Forbidden" (SJR-6).

Study Commission was established which held hearings but was not able to finish their work before they were dissolved with the inauguration of the 77th General Assembly.
The commission's chairman, Sen. Terrell E. Clarke, Western Springs Republican and Assistant Senate Minority Leader, last week proposed that a 10-member joint House-Senate subcommittee be formed.
It would study all income tax legislation proposed and make recommendations back to the respective Revenue committees.
The proposal has been accepted by both the Senate and House.
Several pieces of legislation to resolve the Aug. 1 cutoff date on capital gains have been proposed as well as proposals to exempt lump sum distribution of pension funds, such as S. 10 and S. 74.
Bureau of the Budget Director John McCarroll last week he estimates an \$86 million state surplus at the end of fiscal year 1971.

LABOR:
In the labor area, several versions of public employ bargaining bills have been introduced including H. 1, introduced by Rep. Thomas J. Hanahan, which would permit public employ strikes, and H. 338, which is similar for hospital employees.
A version which would prohibit strikes is S. 87, introduced by Sen. Howard Mohr, Forest Park Republican.
Also introduced is a proposal for a \$1.60 per hour minimum wage (H. 5), also by Rep. Hanahan.
S. 50-51, which repeals the wage deductions act, has been offered by Sen. Jack Kneuper, Elmhurst Republican, and Sen. Richard Newhouse, Chicago Democrat.
ENVIRONMENT:
Many environment protection bills already have been introduced and more are promised.
In Senate hearings to confirm members of the Pollution Control Board, Chairman David Currie said he has already asked the Governor to lengthen the time period requiring the board to act on variance requests from 90 to 120 days.
Sen. Cherry got favorable responses to questions on whether private citizens should have the right to sue for damages.
Several proposals to limit or ban lead in gasoline have been introduced, including an Administration-backed bill (H. 394), introduced by Rep. David Regner, Mount Prospect Republican, which would call for progressively more stringent maximums for lead content and complete prohibition by Jan. 1, 1975.
Another version, (H. 392) introduced by House Minority Whip Dick Pierce, Highland Park Democrat, would prohibit the sale or distribution of lead compound gasoline except to those getting a permit from the Pollution Control Board.
HIGHWAYS:
While no specific highway plan has been introduced, Gov. Ogilvie told the legislature in his message on highway safety the Administration expected to build an additional 1,000 miles of roads in the coming fiscal year.
In the same message, the Governor promised legislation to require tougher auto construction standards in the state, and the first of those bills was introduced last week by Rep. Regner.
The bills (H. 393 & 504) would prohibit the sale in Illinois after Dec. 31, 1974, of any passenger car not constructed so as to be able to withstand front and rear end impact up to 5 m.p.h. with a solid immovable
